NEW

BLIZZAK LM005

These days, you never know what winter has in store. Which is why you need the added protection and performance of a winter tyre that's ready for anything! A tyre that can deliver full safety and control on cold, rainy and even snowy days, whether taking highway turns or an unexpected brake in the city. A tyre that is designed to match today's unpredictable winter

conditions with best-in-class wet grip and braking* response and outstanding snow and ice performance.

In short, you need the all-new Bridgestone Blizzak LM005. The new standard for safety, reliability and control, all winter long.

Outstanding Snow & Ice Performance

Rated in top two for snow braking, snow traction and ice braking performances*

Best in Class Wet Grip & Braking

The highest rated tyre for wet braking and cornering*. The first winter tyre to achieve Wet Grip Label "A" for full line-up

AVAILABLE WITH INTEGRATED
DRIVEGUARD RUN FLAT TECHNOLOGY (RFT)
ON SELECTED SIZES

* Tests carried out by TÜV SÜD on the request of Bridgestone in October-November 2018 at the facilities ATP Papenburg (Germany) for dry & wet tests, at TÜV SÜD Product Service (Germany) for noise, comfort and laboratory tests and at ARCTIC FALLS (Sweden) for snow & ice tests, with VW Golf VII, on tyre size 195/65 R15. Blizzak LM005 compared to the performances of main competitors in the same segment: Continental WinterContact TS860, Michelin Alpin 6, Goodyear UltraGrip 9, Pirelli Cinturato Winter. Annex Report No. [713139853-03]
Snow braking distance (40 km/h to 5 km/h) in meters: Bridgestone LM005 (16.6), Continental WinterContact TS860 (16.1), Goodyear UltraGrip 9 (17.0), Pirelli Cinturato Winter (17.0), Michelin Alpin 6 (17.2) Snow acceleration/traction (10 km/h to 35 km/h) in seconds: Bridgestone LM005 (3.53), Continental WinterContact TS860 (3.49), Michelin Alpin 6 (3.56), Pirelli Cinturato Winter (3.59), Goodyear UltraGrip 9 (3.63) Ice braking distance (20 km/h to 5 km/h) in meters: Bridgestone LM005 (10.6), Michelin Alpin 6 (10.3), Pirelli Cinturato Winter (10.7), Continental WinterContact TS860 (10.8), Goodyear UltraGrip 9 (11.0) Wet braking distance (80 km/h to 20 km/h) in meters: Bridgestone LM005 (27.2), Continental WinterContact TS860 (29.5), Goodyear UltraGrip 9 (30.0), Pirelli Cinturato Winter (30.3), Michelin Alpin 6 (30.7) Lateral wet grip stability (cornering) in meter/second²: Bridgestone LM005 (6.53), Continental WinterContact TS860 (6.34), Goodyear UltraGrip 9 (6.30), Pirelli Cinturato Winter (6.23), Michelin Alpin 6 (6.18)

Taking winter control to all-new heights

The Bridgestone Blizzak LM005 is the result of the latest innovations in tyre development coupled with a deep understanding of the challenges of everyday winter driving. By optimising the synergies between new compound technologies and advanced pattern designs, this flagship winter touring tyre guarantees robust, reliable response in a wide variety of temperatures and surface conditions. Giving you the control you need, precisely when you need it.

As the first-ever winter tyre to achieve an "A" grade wet label across the full line-up, and ranked #1 for wet braking and cornering in independent tyre safety tests conducted by TÜV, the Bridgestone Blizzak LM005 gives you the power to conquer winter roads with total confidence. TÜV also ranks Blizzak LM005 in the top two for snow braking, snow traction and ice braking performance.

Advanced tyre technologies for robust winter performance

- High-volume central void evacuates water quickly from the contact area on snow and wet
- High-density lateral grooves on shoulder area ensure maximum grip when cornering on snow and wet
- 2D central sipes and 3D shoulder sipes boost cornering and braking performance on snow and ice
- Engineered zig-zag tread pattern optimises grip on snow
- Revolutionary nano-selective mixing technology delivers outstanding winter performance across a wide range of weather conditions and temperatures
